

THINK BIG  WE DO™

# COASTAL STATE

*What is the state and future of coastal Rhode Island?*

PLEASE JOIN US for an afternoon of hors d'oeuvres and discussion of the most recent research concerning the health and future of Rhode Island's coastal communities and resources.

## Shellfish Growth in Closed Waters

Scott Lindell, Director of Scientific Aquaculture Laboratory at the Marine Biological Laboratory in Woods Hole

## Managing Shellfish Disease

Dr. Marta Gomez-Chiarri, Professor of Fisheries, Animal and Veterinary Sciences, University of Rhode Island

## Thursday March 28, 2013

4 - 6 p.m.

University Club, University of Rhode Island  
Main Campus, Kingston, R.I.

All events are open invitation but seating is limited so please **RSVP** to Meredith Haas at **mmhaas@mail.uri.edu**

For more information on the Coastal State Series and future events please visit **seagrant.gso.uri.edu**

This series is supported by Rhode Island Sea Grant, the URI College of the Environment and Life Sciences, and the URI Coastal Institute.
